

Canton: Adopted Zoning Plan vs. Feasible Alternatives

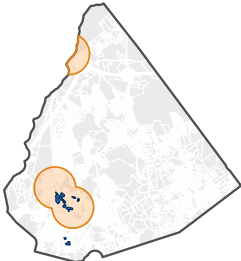

A. Adopted Plan

1,375 net units

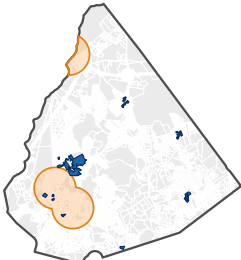

B. Sampled Alternatives

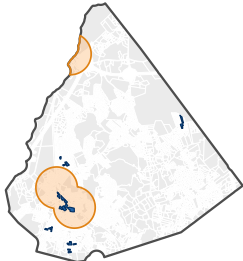

1,312 net units

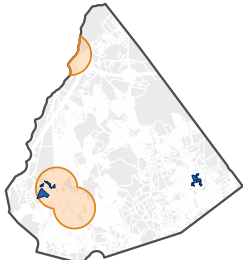

4,990 net units

1,906 net units

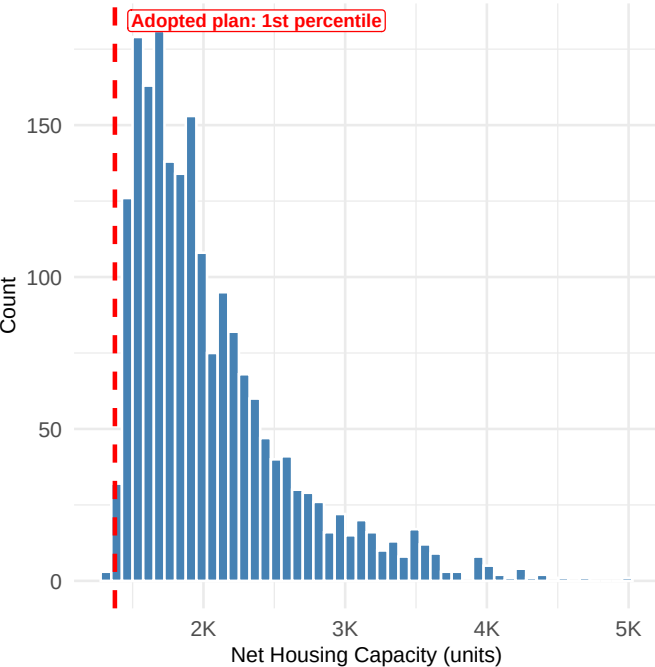

2,023 net units

C. Distribution of Net Capacity

across 2,000 simulated compliant configurations

Net units = zoned capacity minus existing housing units on each parcel. Orange shading = 0.5-mile transit station buffer.
