

Leominster: Adopted Zoning Plan vs. Feasible Alternatives

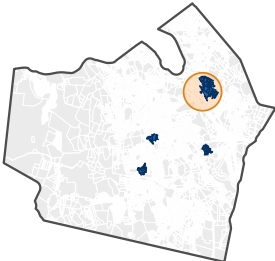

A. Adopted Plan

2,565 net units

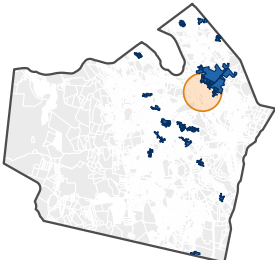

B. Sampled Alternatives

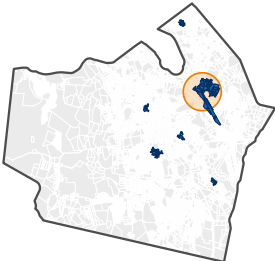

2,289 net units

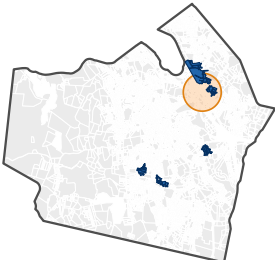

5,802 net units

3,034 net units

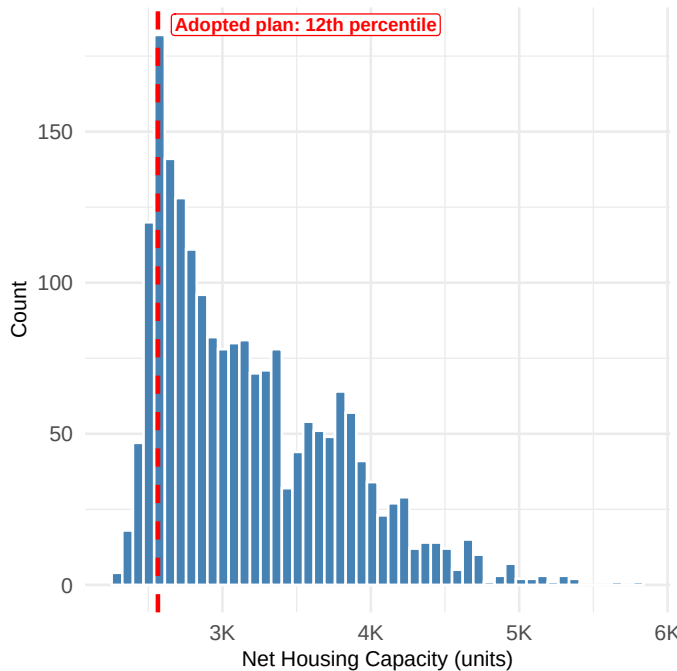

3,158 net units

C. Distribution of Net Capacity

across 2,000 simulated compliant configurations

Net units = zoned capacity minus existing housing units on each parcel. Orange shading = 0.5-mile transit station buffer.
